WOULD RUSH MATTERS

By Borrowing Money and Building
Walks Before the Cold
Weather Sets in.

Not having much of anything to talk about at the meeting of city Council Monday night, and after a motion to adjourn had been offered President Orr started a discussion by bringing up the question of sidewalks. This is a question which always finds the councilmen ready to talk, and Monday night was no exception to the rule and all the members took advantage of the opportunity to have their say.

President Orr urged every councilman to get in touch with the constituents of his district and rush the matter through this fall. "We promised sidewalks," said Mr. Orr, "and as yet we have little to show for our promises except the resolutions and ordinances which have been passed ordering this work to be done. We ought to get busy."

With this statement as a starter, Councilmen Prior, Elsner, Irwin and Muenz all had their say as to what should be done.

Mr. Prior stated that it was his understanding that all the notices had been served on the property owners and it was now up to the city to proceed with the work. Mr. Stare took exception to this statement and said that he did not believe all the notices had been served. He asked the clerk for a statement and the council was informed that probably one-tenth of the property owners had been officially notified of the action of council on the sidewalk matters.

It developed that the city was bonded up to the limit now and that no more bonds could be issued for any purpose until some of the bonded indebtedness of the city had been taken care of.

Councilman Muenz offered the information that \$10,000 which had been borrowed for sidewalk purposes in anticipation of the collection of special assessments had not been collected and was still assessed against the property owners, and urged that this be collected before anything further was done in the matter.

Councilman Elsner addressed the body and stated that he would offer resolutions and ordinances at the next meeting to borrow \$15,000 to proceed with the construction of sidewalks, and with this, statement to ruminate over for two weeks, council adjourned.

Every member of the council was present when the roll was called, and the members proceeded at once to the transaction of business.

The street committee reported on the petition of property owners near Twelfth street and Raccoon creek, regarding the current of the stream cutting away the property at that point. The committee stated that the council had not jurisdiction in the matter and that it must be taken up by the property owners with the county commissioners. The committee reported that the clerk had been instructed to draw up a petition to be signed by the property owners and presented to the commissioners. The committee also recommended that an alley running from Hudson avenue to Elm street between Lorain street and Log Pond Run be named Starr avenue and an alley between Fourth street and Elmwood avenue be named Meland avenue. The report was adopted.

The Public Service committee reported that the petition asking for water service on North Pine street had been taken up with Service Director Christian and that the committee was assured that the work would be done as soon as possible.

Health Officer Dr. W. H. Knauss was present and was called on for a report of the typhoid fever epidemic in the city. He had no written report to present but stated briefly the conditions, going back to the earliest discovery of the epidemic. Dr. Knauss stated that he thought the department had the matter well in hand and that while there was still some danger, it was his opinion that as soon as all the cases had developed from the discovered cause, the epidemic would end.

The library trustees made a report through the president, Charles W. Montgomery. The report included an exhaustive statement of the year's work as given by the librarian Mrs. Elizabeth Rankin, showing a very successful year. The treasurer's report showed that the library had

overdrawn its account about \$6 for the year. The report was received and filed.

A petition signed by thirteen property owners asked for a sidewalk on the East side of Linden avenue near Main street. This report was referred to the street committee.

Madrid, Spain, Sept. 19.—Because of the continued rioting throughout Spain all constitutional guarantees have been suspended and nation wide martial law declared. The situation is rapidly growing worse. The anarchist element has taken advantage of the strike and renewed disorders are reported from all sections of the country. In many cities cannon have been placed in the public square and soldiers occupy the streets.

INQUEST FOR AUTO TRAGEDY AT SYRACUSE

Syracuse N. Y., Sept. 19.—Another victim of the automobile accident at the state fair tracks Saturday is in a critical condition today and may die any moment. He is William Shockey, suffering from concussion of the spine and a fractured skull. The coroner is very secretive about his plans for an inquest but states it will start next week.

TAFT CROSSES MACKINAC STRAIT

Aboard President Taft's special train, Sault Ste. Marie, Sept. 19.—For the first time a president of the United States today invaded the upper peninsula of Michigan when President Taft crossed the strait of Mackinac and swung along the water to the Soo. In the bracing air the president rode on the upper deck of the ferry which carried his train across the straits. A big crowd was out to greet him and he responded with a short speech. He accepted today an invitation to stop at Lawrence, Kas., on his western trip.

MEETING OF THE 31st REGIMENT IN THIS CITY FOR TWO DAYS' SESSION

The surviving members of the Thirty-first regiment, C. V. I., or all those who could possibly do so, assembled in Newark on Tuesday for the purpose of holding their thirty-third annual reunion.

Many of the business houses in the city were decorated in honor of the occasion, and the old boys were given a royal greeting upon their arrival. It is expected that when all have arrived there will be in the neighborhood of seventy-five of the old veterans in attendance.

The Thirty-first O. V. I. was organized at Columbus, O., in August and September, 1861, to serve three years. On the expiration of its term of service the original members (except veterans) were mustered out, and the organization, composed of veterans and recruits, retained in service until July 20, 1865, when it was mustered out in accordance with orders from the war department.

The official list of battles in which this regiment bore an honorable part, as not yet published in orders of the war department, but the following list has been compiled, after careful research, during the preparation of this work:

Corinth, Miss. (siege of) April 30, 1862; Trinity, Ala., detachment of regiment, July 24, 1862; Perryville, Ky., October 8, 1862; Stone River, Tenn., December 31, 1862, and January 1-2, 1863; Rosecrans' campaign (from Murfreesboro to Tullahoma, Tenn.), June 23-20, 1863; Hoover's Gap, Tenn., June 24, 1863; Chienmanga, Ga., September 19-20, 1863; Brown's Ferry, October 27, 1863; Mission Ridge, Tenn., November 25, 1863; Resaca, Ga., May 13-16, 1864; Kennesaw Mountain, Ga., June 9-20, 1864; Peachtree Creek, Ga., July 20, 1864; Atlanta, Ga., (Hood's First Sortie), July 22, 1864; Atlanta, Ga., (Siege of) July 28 to September 2, 1864; Thomas' Station, Ga., November 27-29, 1864; Goldsboro, N. C., March 21, 1865.

The occasion of these annual reunions are always looked forward to with fond expectancy by the old veterans, for here it is that they live again the times they had during the war.

With those who struggle side by side, fraternal love must grow, as ranks grow thin of those who marched some fifty years ago.

Time cannot dim that memory. And when the last veteran has marched his last march, when he stands solitary, like the tall tower of an ancient shrine,

HUNDREDS OF ARRESTS

Made Since the Assassination of
Premier Stolypin—Revival
of Revolution.

Kiev, Russia, Sept. 19.—Terror-stricken because the police have been unable to determine the elements which backed Bogroff in his assassination of Premier Stolypin, Russian officialdom today demanded of the responsible head of the secret service immediate results or forfeiture of their official positions. As a result every relative and all the associates of the assassin have been arrested and are being subjected to the brutal Russian third degree. Thousands of troops are on guard throughout the empire and the feared anti-Jewish riots have not yet materialized.

Kiev, Sept. 19.—Reminding one of the death of Goethe, the great German writer and poet, whose dying utterance was "Mehr Licht, mehr Licht!" (more light), the Russian premier, Peter A. Stolypin, cried "Light up!" as the spirit departed from his body.

The "Iron Man" of the Czar's realm succumbed to bullet wounds received at the hands of an assassin during a gala performance at the Municipal theatre Thursday evening. The official time of his death was (Continued on page 2, col. 1.)

MAINE'S VOTE NOW SHOWS 26 WET MAJORITY

Augusta, Maine, Sept. 19.—Complete official returns from the special election of last Monday, when Maine voted on the question of the repeal of the constitutional prohibitory amendment, as canvassed by the Governor and Council last night, showed a majority of 26 votes in favor of repeal.

Various discrepancies were found in the official returns, as compared with the tabulations compiled by the Secretary of State's office. The latter indicated a majority for repeal of 136.

Some doubt still remains as to the correctness of the returns, and Governor Plaisted announced that city and town clerks would be given 20 days to check the results.

As charges have been made that the returns from certain inland towns that voted dry were held back, padded and doctored, there may still be a doubt about the final result until the 20 days are up.

The total vote of the state as shown by the official figures tabulated is as follows: For repeal, 60,487; against repeal, 60,461. Majority for repeal 26.

RING STARS NOW PAUPERS.

New York, Sept. 19.—Two worn-out prize fighters, Martin Costello and Albert Griffin, who, less than 20 years ago, were classed as stars of the athletic arena, were sent to the workhouse today on charges of vagrancy. They asked to be sent where they would be cared for during the winter.

George Arnett, in the absence of President of the Association, Comrade C. C. Marsh of Columbus, presided and called the meeting to order at 10:00 o'clock, when the minutes of the last reunion were read and approved, and the reports of the secretary and treasurer.

COUPLE FOUND DEAD IN HOME

Yellow Springs, O., Sept. 19.—William Murray, 45, and his wife Jane Murray, 43, were found dead in their home today from the effects of alcoholic poisoning. They had been dead at least four days. Neighbors noticed their absence and going to the home found Mrs. Murray lying dead in the kitchen and her husband dead in bed. The authorities are trying to prove a suicide theory.

JUDGE PETER F. GROSSCUP WILL RESIGN FROM BENCH

Chicago, Sept. 19.—Peter F. Grosscup, presiding judge of the U. S. circuit court of appeals of the Seventh district today announced that he would resign about October 1.

J. J. McNAMARA, ACCUSED OF DYNAMITING LOS ANGELES TIMES BUILDING, PROSECUTOR AND PLACE WHERE HE WILL BE TRIED

Los Angeles, Sept. 19.—The trial of John J. McNamara, secretary-treasurer of the International Bridge and Structural Iron Workers' union, on the charge of dynamiting the building of the Los Angeles Times, will begin Oct. 11 at the Los Angeles county court-house. Prosecuting Attorney John D. Frederick has asserted that his evidence against McNamara will convict the union official. Clarence S. Darlow of Chicago will be chief counsel for the defense, assisted by Leo M. Rappaport of the Los Angeles bar.

GENEROUS PROPOSITION OF MR. AND MRS. E. H. EVERETT TO HOSPITAL TRUSTEES

The members of the city hospital board conferred with Mr. and Mrs. E. H. Everett at a meeting held Monday afternoon at the City Hospital. Mr. F. L. Beggs was appointed chairman of the committee.

Several months ago Mr. and Mrs. E. H. Everett, just before leaving for a trip abroad, offered to the board of managers of the City Hospital their beautiful home and surrounding grounds, the same to be used as a nucleus for a new hospital. The gift was made practically without solicitation, and as Mr. Everett left the city immediately the board did not really comprehend the significance of the gift.

Mr. and Mrs. Everett returned to this city but a few days ago and a special committee was appointed to wait upon them with the result that a meeting was held on Monday afternoon.

Much discussion followed as to whether the citizens of Newark really desired and felt the need of a city hospital, and if such was the case the Everett offer is one of unusual generosity. Mr. and Mrs. Everett told the board they would give the board of managers of the hospital a provisional deed for the property on the corner of Buena Vista and Indiana streets for the purpose of erecting a hospital if the citizens would themselves give the money to erect it. Also after its completion Mr. Everett would place at the disposal of the board the interest from \$10,000 invested in interest bearing securities, this interest to be used in the maintenance of the institution.

The only obligation laid upon the people is that they erect the building. The former Everett home, a long brick building, still stands on the spacious grounds and it is probable that

this can be converted into a nurses' home. The location is ideal for a hospital and hardly a more desirable site could have been secured.

One of the conditions which Mr. Everett will have embodied in the deed is that the hospital shall be non-sectarian and that no physician shall be named on the board of trustees.

The board of trustees, composed of Messrs. J. F. Irwin, F. L. Beggs, C. L. Conrad, S. F. Van Voorhis, C. H. Spencer, W. L. Prout, H. D. Woodbridge, W. D. Fulton, George D. Hersey and W. N. Fulton accepted the generous offer of Mr. and Mrs. Everett and steps will be taken at once to raise \$50,000 necessary to construct the hospital.

The Newark churches in one year raised \$250,000 to build new houses of worship and surely the entire city ought to raise \$50,000 for an institution which is operated for the good of the entire community. Plans will be promulgated at a meeting to be held in the near future and work will immediately be begun in raising the money.

SAFE-BLOWERS GET \$2000.

Laguna, N. D., Sept. 19.—Using four charges of nitroglycerin, robbers demolished the safe of the First State Bank of Laguna and escaped with \$2000. The last explosion awakened several persons, but before they could organize the robbers had gone with the booty.

GIRL IN MAN'S ATTIRE ENTERS AND ROBS HOMES

Indianapolis, Sept. 19.—An 18-year-old girl, with the apparatus fitted to his arms and legs, Clark leaped from the platform of a scenic railway 75 feet high into the ocean off Venice pier. The apparatus collapsed under his weight and he struck the water with his fall unchecked. Life guards fished him out.

REFUSED TO DISCUSS QUESTION

Governor Harmon Will
Not Commit Himself on
Extra Session

MUST AGREE ON TERMS

Laid Down by Chief Executive
Before Ohio Solons Can Start
Redistricting Plans.

Columbus, O., Sept. 19.—An extra session of the general assembly for the purpose of redistricting the state seems a distant possibility since Governor Harmon returned yesterday from the east and positively refused to discuss the matter.

He said he had not received any communication from the special committee of Democratic congressmen which is to wait on him with a proposal for an extra session, and until that time does not care to commit himself.

In the face of this, however, after conferences with various statehouse officials, which lasted the greater portion of the day, the general impression prevailed that there will be no extra session. Governor Harmon's well known demand that the exact terms of a redistricting bill must be agreed upon and sufficient votes pledged to its support to insure its passage without delay, and the immediate adjournment of the general assembly when this is done, are the only terms upon which he would agree to call an extra session. Various statehouse officials said that it is certain that no such agreement has been reached. No redistricting plan has been advanced that will be absolutely satisfactory to all concerned, and no work has been done toward the end of pledging votes in its support.

In this connection it became known through signals of distress which were wig-wagged by Speaker Samuel J. Vinson from his balliwick in Celina, that the Speaker never said any of the mean things about Attorney General Hogan or Governor Harmon which were accredited to him by certain unnamed representatives of a degenerate press. It had been reported that Speaker Vinson had delivered himself of a remark in connection with the extra session plan, to the effect that the general assembly had kept its pledges, which was more than Governor Harmon could say and that it could be trusted to do so again, if called into session.

It was also reported that Speaker Vinson gave vent to these remarks when he read that Attorney General Hogan had opposed the extra session, hinting that it would be dangerous to bring the assembly together again and give it a chance to pursue its course of last spring, and he openly asserted that no benefit could accrue from the redistricting which could possibly outweigh the consideration of such dangers.

Speaker Vinson came into the open and declared, strenuously and unequivocally that he never mentioned the names either of Governor Harmon nor Attorney-General Hogan in connection with an extra session argument, and that he is far too busy to waste time discussing their actions.

Governor Harmon left Columbus this morning, accompanied by Mrs. Harmon, Mr. and Mrs. Fullington, Mr. and Mrs. Charles S. Graves and Mr. and Mrs. Shirer, the masters of the party representing respectively the state departments of auditing, state and charity, and all will be entertained in Bellefontaine by a committee which wishes to have the new Woman's Reformatory located in that Garden spot of the earth.

Governor Harmon, State Auditor Fullington, Secretary of State Graves and Secretary of the State Board of Charities Shirer were named by the last general assembly as a committee to select a site for the new institution, and Bellefontaine is waging a vigorous campaign to have itself selected.

LIFE PRESERVER FOR AVIATORS IS PROVEN FAILURE

Venice, Cal., Sept. 19.—An aerial life preserver, designed to float a man through space and land him without injury, almost caused the death of C. W. Clark, its inventor.

With the apparatus fitted to his arms and legs, Clark leaped from the platform of a scenic railway 75 feet high into the ocean off Venice pier. The apparatus collapsed under his weight and he struck the water with his fall unchecked. Life guards fished him out.

ALL BOWLERS SHOULD ATTEND TONIGHT'S MEET

Tonight the second meeting of the Newark Bowling Association will be held in the club rooms of the C. M. A. club in the Lansing Block. The meeting is announced to be called at 7:30 o'clock.

This will be a very important session as several committees will report what has been accomplished in the past week. One of the committees will offer a set of by-laws to govern the association and another committee will make an interesting report regarding the concession which they were able to get from the alley owners in the city.

It is hoped to increase the membership at tonight's meeting as every bowler in the city should be actively associated with the organization. Great plans are being made for the approaching season and some great times will be enjoyed by the membership.

UPRISING FEARED

(Continued from Page 1.)

announced at 10:12 p. m. (3:12 p. m. New York time).

Almost until the last the premier was unconscious, and for half an hour during the early part of the evening his wife alone was at the bedside.

Toward the end Stolypin suffered greatly. He groaned incessantly and threw himself about.

Finally the heart action became weaker, and as the body grew cold the premier realized that death was overtaking him.

At a lucid interval a priest administered extreme unction. The Metropolitan Flavian blessed and consoled him in the last moments. With his dying breath he cried: "Give me a red pencil. Take it away. Give me a red pencil. Lift me. Light up."

Half an hour before his death Stolypin asked the doctor to turn him on his side. He died surrounded by all of his relatives and state officials.

Premature reports of the premier's death were current hours before the demise occurred. Several missions and embassies were misled by these reports and notified their governments.

The authorities at first decided to conceal the news of the premier's death until morning, fearing anti-Jewish outbreaks. This was found to be impossible and after the announcement was made all attention of the authorities was centered in the protection of the Jews.

Representatives of the Jewish community were panic stricken and they begged for protection, and 30,000 troops were poured into Kiev to prevent excesses.

M. Kokovsoff, the minister of finance, who was appointing premier after M. Stolypin was shot, has sent a presumptive circular to the various governors on the maintenance of order. It is stated on excellent authority that M. Kokovsoff will be appointed premier.

An autopsy took place today after which the premier's body was embalmed.

Emperor Nicholas left Tchernigov last night for Kiev.

Governor General Trepoft has issued a public notice that disorders will not be tolerated and stringent regulations are published forbidding the carrying of arms.

It is officially announced that the maneuvers are ended and that the troops are returning to Kiev.

Outgoing trains are crowded and extra trains are leaving Kiev every hour. Hundreds of well to do Jews are departing for Kiev.

The empire faces a situation which all the bewildering underground resources of the Czar are at work today to combat.

Jews, fearing a massacre more violent than any yet recorded are fleeing into the country in hordes.

Hundreds left the province of Kiev immediately upon hearing of the premier's death and as the news reached the outlying provinces last night thousands of the persecuted people are crossing the borders for safety.

The utmost excitement prevails in the government centers, where diligent search is being made for others of the revolutionary band of which Bogroff is believed to be a member.

Every known acquaintance of Bogroff has been arrested. More than 200 of his friends, many of them prominent lawyers, are in prison today. Bogroff planned the mental delirium by the news of his victim's death, is furnishing the police with every detail of the circumstances leading up to his crime. He is said to have revealed the names of other high officials marked for death, and extra precautions are being taken to guard these persons from assassination.

Bogroff had maintained an attitude of confidence up to the time of the premier's first sinking spell, but when told that the premier could not live the prisoner became despondent and talked freely of his act.

Kiev is practically under martial law today. Armed Cossacks are patrolling the streets and few of the residents are venturing out, fearing arrest as suspects. The streets about the sanitarium where the premier died are closed to all traffic.

The secret police are alert to detect the first indication of a revolutionary uprising consequential upon the death of the man whose summary methods caused him to be viciously feared and hated by the terrorists.

The first diplomat to express sorrow of his government was Mr. Wheeler, secretary of the American embassy, who acted in the absence of Ambassador Child, who left for Switzerland on the night of the tragedy. Later a message of similar effect was

received from Washington at the foreign office.

The deceased was a tall, handsome man of 55 years. His short cropped hair was gray, but his beard was dark. He has been described generally as an administrator of ability. He was neither a bureaucrat nor a reactionary in the ordinary sense of those terms, and has been said to have been imbued with liberalism, but determined to rout the revolutionary movements at any cost.

As governor of Saratow, he took such steps against the terrorists and liberals alike as won him the designation of the advanced parties, and his life was attempted in 1905. He was appointed prime minister by an imperial ukase on July 22, 1906, and stamped out the revolution that had grown to threatening proportions in the premiership of M. Witte and which Witte's successor, M. Goremykin, had not been able to control.

Stolypin's life was attempted again in August of that year, when a bomb that killed three persons was exploded at his home. The minister escaped with slight injuries but two of his children were wounded.

As minister of the interior, preceding his premiership, M. Stolypin came into conflict with the Duma, and when he made his first speech before that body he was greeted by cries of "Murderer."

The opposition's hatred of Stolypin reached a crisis last March, when the upper chamber of the Duma, having rejected his bill for the establishment of the zemstvo, or local government in the western provinces, the premier resigned and only consented to resume office when the Emperor agreed to dissolve the Duma and promulgated the measure under the authority of the fundamental laws.

According to the police reports the revolutionary bodies are showing signs of recovering from staggering defeat. They have been active since the exposure of the dual role of Eugene Azef, who was at once head of the fighting Socialists and a police spy. The revolutionists are now, the officials say, closing up their ranks in preparation for a new campaign.

Some time ago Russian police agents abroad in reports to their government indicated that a new outbreak, attended with terrorism, was impending.

Recent acts of violence directed against those in the employ of the government, have appeared to give some substantiation to these reports.

The assistant Public Prosecutor of St. Petersburg, Alexander Shupinsky, was murdered in a train on the Simferopol railroad August 2 by two men who have since evaded detection.

The fact that none of the murdered man's property was taken led to the belief that his death was a political act. Shupinsky earned the hatred of the revolutionists in 1904-07 because of the conviction of certain terrorists who are said to have vowed to take his life.

On August 12, Paul, the 17-year-old son of Commander Kurosh, of the cruiser, Admiral Makarov, was murdered at Oger. On the eve of the assassination he received a letter saying that the Russian fighting organization wished to inform him that he had been sentenced to death "To expiate the blood which your worthless father spilled in Helsinki."

This note added that to kill the father would be a lesser punishment than the suffering over the death of his son. The father when in command of the cruiser Finn in the Helsinki Roadsstead in 1906 did much to suppress the Finnish mutiny.

Other recent acts are the killing of the Prison Warden Edmoft in Volodga, and a series of similar murders. In Jhedsik, Byatka Province, the assistant Public Prosecutor Golokhadstov was wounded in the back with a dagger August 23. Two days later an agent of the Okhrana political police named Artemenko, was killed at Alexandrovsk.

On August 23 an unknown person fired into the bedroom of the Assistant Chief of Gendarmes at Yelizabetopol, Lieutenant Colonel Gamredidze, but hit a pillow instead of the Lieutenant. The same day a band of 30 men attacked an arsenal in the fortress of Kertch, apparently with a purpose of stealing rifles, but were driven off after a fight in which one of the invaders was killed. The chief of the penal settlement of Zereutli was murdered September 4.

The rebuilding of the party organization, which plan was decided upon, the social revolutionists are said by the police to have composed a new statute. They held to the elective principle temporarily corrected by the right of co-operation in view of the necessity for conspirative work under the present conditions.

The question of participation in the elections for the Fourth Duma has been the subject of the affirmative. As the delegates from Russia, according to the Gold-Moskwy, declared an immediate campaign as planned by the "foreign" members and asserted that the latter were ignorant of actual conditions in Russia. It was decided to hold another conference in 1912.

The delegates from Russia feared that the Renaissance organization might suffer a shock, and be exposed to "provocation" and demoralization. They acknowledged the police say of two flying detachments executing such acts. The conference disclosed the fact that Azef, who was reported killed at Weishaden, had been traced and the execution of the death sentence hanging over him is entrusted to two workers of unimpeachable faithfulness.

Natural Soap. Near Ashcroft, in British Columbia, are a number of small lakes whose shores and bottoms are covered with a crust containing borax and soda in such quantities and proportions that when cut out it serves as a washing compound. The crust is cut into blocks and handled in the same manner as ice, and it is estimated that one of the lakes contains 20,000 tons of this material.

ELK TEAMS WILL CLASH SUNDAY NEXT

The great baseball game between the Elks of Newark and Mt. Vernon, which was to have been played Sunday, has been postponed until next Sunday, when these two teams will clash for the Knox-Locking Elks' baseball championship.

Both teams are making great preparations for the game and there will be some excitement when the two teams meet on the ballfield at Wembley park. These games have always been great draws and a good crowd is assured.

WHY SHIRTWAISTS GET FLUMPY.

Do you know why your shirtwaists get flumpy and won't "do up" nice? Well, you and the washboard rub all of the original surface off of the texture. Of course you have to rub hard when you use poor, cheap soap, but you don't have to use that kind. Get a cake of Newitt's Easy Task Soap. It makes a clean, white shirt that takes the dirt right out. Costs only a nickel and makes the work so easy.

Believes This will "Cure Lung Troubles"

Consumption is a dastardly disease—that is one of its chief dangers. Those who have it are rarely willing to acknowledge the fact. If this trouble is present, it is no time for trifling. Don't waste time in arguing that "I feel better" and "I am getting on." If a cough is present that keeps you anxious or any of the symptoms of weakness and loss of appetite, and perhaps, some rising of mucus—the probable thing, take Eckman's Alternative, as Mr. Bettendorff did.

Bettendorff, Green, Ky., R. No. 4. "Gentlemen I wish to say for your Alternative that I believe it to be a medicine of unequalled value for all Bronchitis and Lung troubles."

"The Spring of 1905, I had a severe cough for six months. I tried all the usual remedies but with no results came for the better. I had night sweats, and would cough up every night. I got so weak I could hardly do anything. But at last, James Bettendorff, of Glasgow, Indiana, told me to try your medicine, which I ordered at once and began taking the same. In one week's time I felt as well as ever in my life. I never would have believed that there were so many cures for a medicine of genuine quality don't get result or cured."

"I declare the world to know that I firmly believe that your Alternative will cure any case of lung trouble if taken before the last stage. I will gladly write personally to any doctor or company who is in need of your wonderful medicine." (Signed) Bettendorff.

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung troubles, and in unbinding the system. Does not contain opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and Eckman & Son, druggists, Newark, O.

Society

Mr. and Mrs. Milton Wilkin were pleasantly surprised Monday evening at their home five miles north of Newark by about one hundred and twenty-five friends. The time was spent socially and at a late hour refreshments served.

Mr. and Mrs. Wilkin wish to thank their friends for the number of post cards they received.

A number of friends of Mrs. T. M. Rugg delightedly surprised her at her home in North Fourth street on Monday evening. The event marked the celebration of Mrs. Rugg's birthday anniversary. The evening was spent in a social way and a delicious oyster supper was served. About twenty self-invited guests were present.

Miss Gladys Robb most delightfully entertained a few of her friends at her home east of Reform. The evening was spent in games and music. Those present were Misses Bernice Rector, Anna Mikesell, Mary Lothes, Mina Anderson, Delcie Boyd, Lola Anderson, Gladys Robb, Messrs. Dan Rector, Ray

Mikesell, Carl Cullison, Jay Conger, Willie Hupp, Cary Martin, Ray Lugenbeal, Chester Boys, Ray Boyde, Charles Lothes, Everett Claggett, Elmer Lothes, Merrill Scantlon, Mr. and Mrs. Buzz McGee.

Mrs. B. H. Dennis is entertaining this afternoon with a luncheon at her home in Hudson avenue, honoring Mrs. E. H. Everett of Washington, D. C.

Mr. and Mrs. W. B. Hoskinson entertained at dinner Sunday at their pleasant country home, "Elmwood," the following guests: Mrs. Lydia Steele of Chillicothe, Mr. David Blane of Vanatta, Mr. and Mrs. C. S. McKinney and family of Vanatta, Mr. and Mrs. C. A. Holler and son Russen of Newark, Mr. and Mrs. H. D. Blane and family of Alexandria.

The Entre Nous club gave a delightful dance on Monday evening at Moundbuilders Park. About forty young people were in attendance and they were chaperoned by Mr. and Mrs.

A NEW VELOUR HAT TRIMMED WITH WHITE.

Hat trimmings at the back are now the fad and many of the velour helmets which are so comfortable for wear on windy days have huge bows of silk or ribbon at the back. This black velour hat has around the crown a band of black and white fancy braid and a bow of six upright loops arranged like stiff wings at the back. Hat bows of taffeta ribbon or of the ribbed Ottoman silk now so fashionable in Paris, are considered smarter than bows made of ribbon.

J. D. Keesley, Mr. and Mrs. J. V. Gallagher and Mrs. Mary Long. Punch was served during the dancing hours. The out of town guests were Miss Isabelle Rock and Mr. Louis Rock of Zanesville, Miss Marie Rochers of Columbus, and Mr. Floyd Cooperider of Hebron.

On Sunday, September 17th friends and relatives gathered at the home of Mr. and Mrs. David Hull of 34 Curtis avenue to help them celebrate in honor of their fiftieth wedding anniversary. It was a happy gathering, all the children being present except one son, Harley, who lives in Lexington, Ohio. One of the pleasing features of the occasion was the choice dinner served. Roses and golden rod formed the decorations for the table.

Mr. and Mrs. Hull have been kind and indulgent parents and have contributed abundantly toward making life pleasant in the neighborhood in which they live. They were the recipients of golden mementoes of the occasion. After wishing the couple many more happy days the guests departed, carrying with them pleasant recollections of the event.

Those present were Mrs. William Stricklin and son Otto, Mr. and Mrs. Tim Perry and daughter Florence, Mr. and Mrs. Charles Hull and children David and Martha Wavelien, Mrs. Geo. Orr, Mr. and Mrs. Oren Beatty and children and Mr. Homer DeWeese. The out of town guests were Mr. Henry Hull of Ligonier, Ind., Mrs. Lottie McArthur of Columbus, O., and Mr. and Mrs. Jacob Loughman of Toboso, O.

Corn Fritters. Score and scrape out the pulp from the ears. For each cupful allow two well beaten eggs, one or two tablespoonfuls of milk or cream.

a scant half teaspoonful of salt, several dashes of black pepper, one tablespoonful of melted butter and sufficient flour to make a thick drop batter. This is dropped by small spoonfuls into deep smoking hot fat and fried golden brown.

Peach Cobbler. A deep peach pie-called cobbler—requires a rich, short crust. Peel the peaches whole and pack closely together in a deep dish, adding a few extra heaped in the center. Sprinkle thickly with sugar mixed with a tablespoonful of flour. Cover the top with the crust, make a vent in the center and bake in a moderate oven.

ENORMOUS PROFIT FOR SUGAR TRUST

New York, Sept. 19.—The gross profits of the sugar trust following the advance in price of sugar from \$3.75 per hundred to \$7.25 since January 1, will reach \$40,000,000, according to sugar brokers in this city today. Much of the money will be used to wipe out the deficit in the corporation's reserve caused by the government's prosecution and the seemingly endless litigation that followed the smuggling disclosures at the Brooklyn docks.

Wholesale dealers are bitter against the action of the trust in boosting the price while facing a congressional investigation and they characterize it as a bitter defiance of public opinion.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY.
It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

HEALTH HINT FOR TODAY.

Hot Onion For Earache.
Onions are an old fashioned but a useful remedy for earache. Where the trouble probably is the result of a cold, put a Spanish or large common onion into the oven or cut in half and roast. Apply the onion as hot as you can stand it to the aching ear, and continue the application until the pain is relieved or entirely gone. Then place a little lint or cotton in the ear in order to guard against taking fresh cold.

Secretary Wilson was shrewd enough to avoid expressing himself distinctly upon the Wiley case before it went to the President, so he is free to approve the President's vindication of the Doctor, whom he dislikes and whose usefulness he has permitted his subordinates to curtail and almost destroy. But Attorney General Wickersham was imprudent enough to express an opinion a column long that Dr. Wiley ought to be dismissed, so he can't join in the expressions of approval of the President's decision.

The automobiles are making unanswerable argument every day against the liberty of misuse enjoyed by their owners and drivers. It is not precisely that they mean to kill men, women and children who do not get out of the way as they approach, but that they do kill every day in one place or another. It is a very aggravated form of unpremeditated manslaughter as people who go about on the highways have the right to live, it should be the immediate business of lawmakers to adjust the statutes to the restraint and remedy of this new form of peril and later business of the courts to interpret the statutes liberally in defense of the right of men to keep on living.

COMMISSIONERS ELECT AUDITOR AT COSHOCTON

Coshocton, Sept. 19.—At a caucus of the new members of the board of county commissioners, Frank W. Mowery, who is serving the unexpired term of the late Walter J. Winters as county auditor, was elected for a term of three years. Winters died before his first term had expired and as he had been re-elected it was necessary for the commissioners to select a man to fill the new term.

A floating debt is a poor life-preserver to keep a man's head above water.

Cigar Manufacturer Dead at Mt. Vernon

Mt. Vernon, Sept. 19.—Charles F. Brent, aged 63 years, an old resident of the city, and for years a prominent cigar manufacturer and tobacco dealer, died Sunday at his home here after a prolonged illness of tuberculosis. He had retired from business several years ago. He was prominently associated with the Mt. Vernon lodge No. 149, B. P. O. E. The funeral was held Tuesday morning at the Catholic church.

SICK HEADACHES

CURED AFTER FIFTEEN YEARS OF SUFFERING.

Every Victim of This Disease Should Read of the New Treatment and Send for Sample.
For fifteen years Mrs. John Webb of Vinton, Gallia Co., Ohio, was a sufferer from sick, nervous headaches. That she is today entirely free from these attacks makes her story one of interest to every sufferer from this distressing disease. She says:
"I suffered from nervous headaches for fifteen years and think they were brought on by overwork and study while I was teaching school. The pains were in the front of my head and through my eyes and every two or three months would become so severe that I would be confined to my bed for several days. I would get sick to my stomach and vomit during these attacks and would be so dizzy that I could not raise my head from the pillow. The headaches seemed to affect my eyes for a blue would often come before them."
"I was treated for a long time by two doctors and they told me my headaches were caused by overwork and by my stomach. Their medicines did not help me and I tried many other remedies without benefit. Through reading a booklet I decided to give Dr. Williams' Pink Pills for Pale People a trial and found after taking a few boxes that they were helping me. I took them until cured and do not know what a headache is any more. I have gained a great deal in flesh and feel well."

Unless properly treated sick headache is a disease of many years duration, as it occurs before the twentieth year in two-thirds of the cases of men and more with more or less regularity until the fifth year or later. It is usually hereditary and is probably directly caused by a defect in the process which changes the food we eat into blood. Most sufferers are troubled with obstinate constipation which makes it necessary to use a laxative.
A new laxative, PREPARATION, designed to be used in connection with Dr. Williams' Pink Pills, affords a perfect combination treatment. These little laxative pills slightly stimulate the stomach and bowels and act on the liver. They are mild, sugar-coated, entirely vegetable, do not grip and have no habit-creating tendency. A sample will be sent free on request together with our pamphlet on the treatment of sick headache.
Dr. Williams' Pink Pills are sold by all druggists, or sent, post-paid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y.

MRS. SOCRATES

Methods it is a burning shame the way this admirable dame has suffered scorn and jeers. "She was a shrew," the writers say, and so her name, until this day, has traveled down the years. Her husband used to loaf around the drug store and the village pound and work his jaws and bawl, he boomed the referendum and made his hearers' minds ache by boosting the recall. While she packed coal and kindling in, he exercised his tireless chin and talked a dark blue streak; he thought she had no right to knock if he came home and set the clock and wound it once a week. Folks say he was profoundly wise, but I could never sympathize with wise boys of that brand; I most admire the sport who keeps the ladder groaning 'neath its heaps of fodder, rye and corned. Foul tell the sage who makes his wife drag out a dark and bitter life, who lets her do the chores, while he loams on the village pump and keeps his jawbones on the jump until the welkin roars.

INDIGESTION AND STOMACH MISERY ENDS

Nothing will remain undigested or sour on your stomach if you will take a little Diapepsin occasionally. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you can eat.
Eat what your stomach craves, without the slightest fear of indigestion or that you will be bothered with sour risings, belching, Gas on Stomach, Heartburn, Headaches from stomach, Nausea, Bad Breath, Water Brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries. Should you be suffering now from any stomach disorder you can get relief within five minutes.
If you will get from your pharmacist a 50-cent case of Pape's Diapepsin you could always go to the table with a hearty appetite, and your meals would taste good, because you would know there would be no indigestion or Sleepless nights or Headache or Stomach misery all the next day; and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.
Pape's Diapepsin can be obtained from your druggist, and contains more than sufficient to thoroughly cure the worst case of indigestion or Dyspepsia. There is nothing better for Gas on the Stomach or sour odors from the stomach or to cure a Stomach Headache.
You couldn't keep a handier or more useful article in the house.

Hair That Fascinates

Who Wants Lustrous Hair, Full of Life and Beauty.

Start now, madam, September is just the month to begin to acquire a glorious head of hair of which you will be justly proud during the social events of winter.
If you haven't used PARISIAN SAGE you aren't on the high road to hair beauty. PARISIAN SAGE is the most delightful preparation that destroys the dandruff germs and by so doing removes in a short time the cause of dandruff, falling hair, itching scalp, faded and lifeless hair.
Dandruff germs are obstructionists; they prevent the hair from receiving its proper nourishment by ravenously devouring the same nourishment. Use PARISIAN SAGE for one week and note the wonderful improvement.
Evans' Drug Store guarantees it, 50 cents a bottle.

WORLD TRAVELS OF A WOMAN'S HAT.

Always Just Behind Her and Out of Date When She Got It.

Trailed to various parts of the world by a \$300 Paris hat which she purchased in Europe nearly a year ago, Mrs. William Dean Ellsworth of Newport and New York finally gave away the elaborate headpiece which she once thought in fashion, but now regards as out of style.
Mrs. Ellsworth was with friends in Paris last winter when she ordered the hat. Before it could be delivered she was called to Moscow by the illness of a friend. At Moscow she ordered the hat sent to her, but before it reached there she had departed for Berlin. The hat followed, but Mrs. Ellsworth had already gone to London. In obedience to instructions it was expressed to London, but Mrs. Ellsworth was sailing for New York when it was delivered to her London hotel.
Impatient that she might have the opportunity of displaying the hat to friends at Newport, Mrs. Ellsworth cabled that her hat be sent to her New York hotel. But in the round of pleasure that followed Mrs. Ellsworth forgot all about her hat, and she left New York without giving instructions to have it forwarded to Newport.
The hat arrived in Chicago, when she was on her way to New Orleans. It reached New Orleans when she had left there for the great lake resorts. When the hat was sent to the great lakes Mrs. Ellsworth was in Canada, and when the hat reached Canada she was traveling toward the Pacific coast. Upon her arrival in Los Angeles recently Mrs. Ellsworth wired to Winnipeg that her hat be dispatched immediately to Los Angeles. It arrived here, but too late for Mrs. Ellsworth to wear. She gave it to a maid.

\$5,000,000 FOR MISS FORCE.

Colonel Astor Will Also Provide For Her Liberally in His Will.

The money which Colonel John Jacob Astor settled upon his fiancée, Miss Madeleine Force, in a marriage agreement was \$5,000,000.
In addition to \$5,000,000, which will belong to the young woman the moment she is pronounced Mrs. Astor, a further agreement was made providing that certain provision shall be made for Miss Force in Colonel Astor's will. The provision is understood to be a most liberal one. The will, it was said, will be drawn immediately after the wedding. As soon as the document is drawn and signed by the witnesses it will be deposited, with the marriage agreement, with the United States Trust company, in New York.
It is understood that Colonel Astor and his bride will go to Europe on board one of the regular steamships and will remain away for about a year. The Noma may follow them across, and in that event Colonel and Mrs. Astor will probably do considerable cruising in the Mediterranean. It was said that they might pass several months in Egypt in the winter.

CAN BE HEARD 12 MILES.

Electric Horn Will Be Installed on Angel Island.

The time when a ship will be welcomed twelve miles out at sea by national airs, popular tunes and perhaps eventually phonographic records bellowed from gigantic foghorns seems not far distant.

Pleased with the harmonious tooting of electric automobile horns, Lieutenant Commander William A. Moffat, lighthouse inspector of the California district, made inquiries as to the possibility of making a similar horn for lighthouse service to replace the dismal blare of the foghorns now in use. He learned that one could be made which would be heard at the Farallon islands, twenty-three miles out at sea. As a sample, however, he decided to order one with a twelve mile range. It will be installed immediately on Bluffs point, Angel island.

FIND MUMIFIED CAT.

Died Eighty-three Years Ago in an Episcopal Diocesan House.
Stonemasons altering the front of an Episcopal diocesan house, New York, were tearing out the stonework at the top of the second story when Patrick Shine, the boss mason, discovered a dusty object which he dug out with a trowel. It was a mummified cat, "a perfectly good cat except for lack of breath," said Shine.
The diocesan house was built in 1828, so Shine figured that the cat was born eighty-three years ago at least.

ALL CAN UNITE ON THIS ISSUE

Right of the People to Rule is the Paramount Question.

HERBERT BIGELOW'S VIEW OF IT

Ohio Progressive Constitution League Takes the Position That All Candidates for Delegates to the Constitutional Convention, Whatever Their Attitude on Other Questions, Shall Be Sincerely Pledged to the Initiative and Referendum.

By HERBERT S. BIGELOW.

There are many issues involved in the election of constitutional convention delegates. It is expected that the electors will endeavor to choose the delegates who will best represent them on all the cardinal questions involved.
But the Ohio Progressive Constitution League takes the position that all candidates, whatever their attitude on other questions, shall be sincerely pledged to the Initiative and Referendum.
The people, in this election, will be divided by the wet and dry issue. They will differ on the matter of taxation. They will have opposite opinions on the degree of home rule that should be allowed. The reform of judicial procedure will no doubt be sharply debated.
It is right that the delegates should declare themselves on all important issues so that the voters may vote intelligently and that the convention may, as far as possible, represent all the people.
But why should not delegates on both sides of these disputed questions be committed to the Initiative and Referendum? This is merely a plan whereby the people may defeat acts which they do not want and enact measures which they do want. It provides very simple machinery devised to permit the people at all times to rule, by their sober judgment deliberately expressed at the polls.

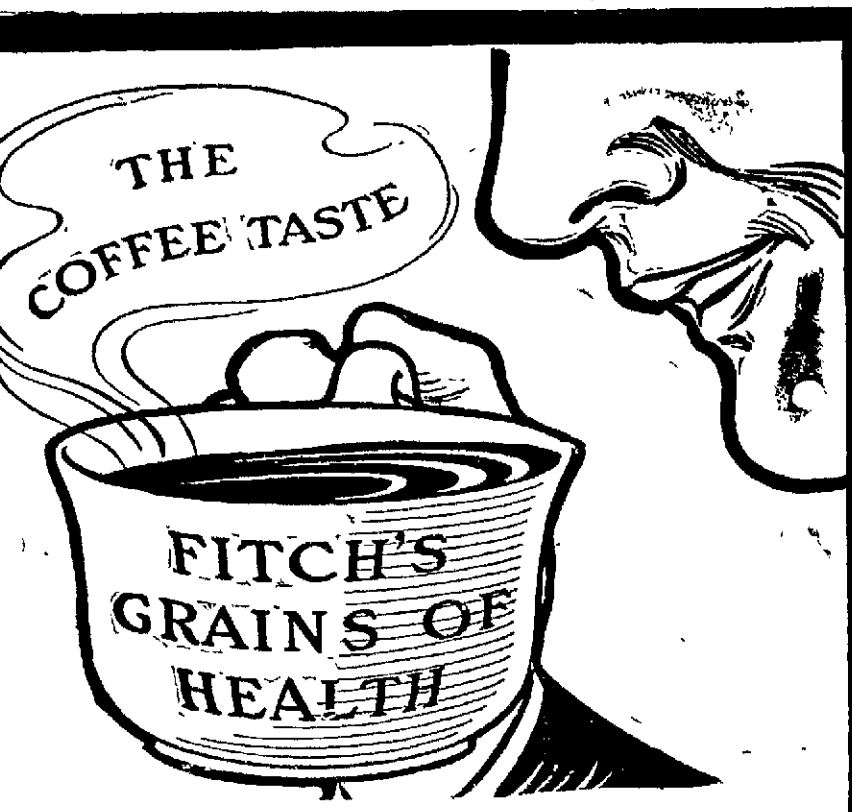

HERBERT S. BIGELOW

Who is opposed to that? Should any man be trusted to be a delegate who does not favor that? Are the prohibitionists afraid to trust the people? Are personal liberty candidates afraid to let the people decide? Can the people afford to trust any delegates, when those delegates are afraid to trust them?

THE ELEMENTS OF CHARACTER.

Greatness of character is a communicable attribute. It has nothing exclusive in its nature. It cannot be the monopoly of an individual, for it is the enlarged and generous action of faculties and affections which enter into and constitute all minds—I mean reason, conscience and love—so that its elements exist in all.—William Ellery Channing.

You Who Scorn Coffee Substitutes—

Here's something that will amaze you.
A coffee substitute that smells like good coffee—tastes like good coffee—and has not one of coffee's bad effects!—Fitch's GRAINS OF HEALTH.
You don't believe it? You think all coffee substitutes are tasteless or vile tasting cereals?
"You tasted one of 'em once—no more for yours."
Yes, but you don't know about the one exception—

Fitch's Grains of Health

The Coffee Substitute With the Coffee Taste

Get a package of Fitch's GRAINS OF HEALTH from your dealer. Give it a trial.
If then you do not think it TASTES like good coffee, without any of coffee's harmful effects—if it does not satisfy you—take what is left back to your dealer and he will refund the full purchase price.
Surely it is worth while to know a substitute for coffee that really takes the place of coffee.
You know that Coffee Hurts You whether you "stand it" or not. The powerful alkaloid, Caffeine, in coffee causes palpitation of the heart—nervousness—tremulousness—irritability—headaches—depression.
In Fitch's GRAINS OF HEALTH the caffeine is counteracted by a simple combination of roots, herbs and vegetables.
The flavor remains—the satisfaction remains—but the hurt is taken out.
Drink All You Want of Fitch's GRAINS OF HEALTH. The more the better. It is good for you. You can sleep like a baby on half a dozen cups. Try it today.
Fitch's GRAINS OF HEALTH is sold by all leading grocers. The price is 30 cents the pound package. It is ground, ready for use. It is just as easy to prepare as coffee. But only half as much of Fitch's GRAINS OF HEALTH is required as coffee. Therefore, it costs only half as much as good coffee.

If your grocer cannot supply you we will send you a generous sample package of Fitch's GRAINS OF HEALTH (enough to serve a large family at breakfast) and a booklet telling you all about Fitch's GRAINS OF HEALTH. Enclose 6 cents in stamps for postage.

COL. J. F. RYAN ENTERTAINS AT A SQUIRREL DINNER

Col. J. F. Ryan, manager of the Union Market company, was the host Tuesday noon to a number of friends at a squirrel pot-pie dinner. The little rodents were secured by Messrs. Alva Leak and Will Cunningham in the former's old home county of Delaware, where Alva was known as a fearless hunter and a sure shot.

The young men took to the woods at 4 o'clock Monday morning with a gun, a basket of ammunition and three squirrel dogs. Their efforts were signally rewarded and they each bagged the full quota permissible by law, returning to this city late the same night and presenting the spoils of the day's hunt to the genial colonel. The savory dish was prepared under his direction and he saw to it that his guests' plates were heaping full throughout the dinner.

Messrs. Ryan, Leak and Cunningham were highly complimented for the success of the affair and Will C. Rice, the Adonis of the Morris Packing Co., who was one of the guests, has promised to ship Col. Ryan a half dozen prairie chickens, from the wilds of Danville, Ill., when Mr. Rice visits that city in a couple of weeks.

Practical Home Helps

An Excellent Broth Invalid's Evening Repast

To a cup of good beef, lamb, veal or chicken broth, add a tablespoonful of Duffy's pure malt whiskey. Serve very hot with a teaspoonful or two of whipped cream on top, if desired. A few saltines may be served with this.

This makes a very invigorating drink; as well as being of great benefit and nourishing to the patient it is wonderfully refreshing to the healthy.

REAL INDIAN CHIEFS TO HOLD BIG CONFERENCE IN COLUMBUS' OCTOBER 12-15

Columbus, Sept. 19.—The first annual conference of the American Indian association will be held in Columbus October 12, 13, 14 and 15. The invitation to meet in this city was extended by Dr. W. O. Thompson, president of the state university; George S. Marshall, mayor of Columbus; C. J. Pretzman, president of the chamber of commerce; E. O. Randall, secretary of the state archaeological association; H. M. Blair, secretary of the Young Men's Christian association; Rev. J. S. Britain, president of the ministerial association, and James M. Henderson, president of the Columbus federation of labor.

Professor F. A. McKenzie of the O. S. U., is the local representative of the executive committee, and he has worked untiringly for the success of this, the first Indian congress ever called in America. Miss Rosa LaFlesche, the corresponding secretary, who is three-fourths Indian, from Michigan, has been in Columbus all summer, working with Prof. McKenzie for the congress. She is highly educated, and has held important positions under the government in the Indian schools of Oklahoma.

Charles E. Dagenett, chairman of the executive committee; Dr. Charles Eastman, Dr. Carlos Montezuma, and Miss Laura M. Cornelius, are three of the most prominent people of the Indian race who will be present during the congress. Only people of the blood of the original American Indian will be admitted to active membership in this association, but any Americans interested in the work may become honorary members.

When Indians have had pow-wows to decide whether or not they should go on the war path, they have generally included a few tribes; but this big pow-wow to be held in Columbus next month will be the most important in the history of the Indian race. It is conceded that this is also the most critical, and for that reason the educated men of the various tribes are anxious to have a large attendance at this congress.

Charles E. Dagenett is a Peoria Indian, and may be the Moses of the race. He was educated at Carlisle, and when he finished school, returned to the reservation. He found, as others have done, that he could not go back

to the tepee life, and all that it represents to the life he saw his family leading, and he decided to leave it. He became a clerk in an Indian agency, and later entered the service of one of the Indian schools. He originated the idea of finding employment for Indians.

Hundreds of Indians are now finding employment through this agency, and are thus saved from going back to the elementary life of the race. He has whole tribes of Indians working under his direction, and always he leads them towards education and progress and civilization. He is married to a woman of his own race, and in Albuquerque, they have a home where the young educated Indians are received and advised as to their future life.

Dr. Charles Eastman is the greatest writer the race has produced. He is of the Dakota tribe, and knew nothing of civilization until he was fifteen years old. He graduated in the Indian schools, and practiced medicine, but the government now employs him to straighten out the Indian names for identification of property.

Dr. Montezuma, a full blooded Apache, of the tribe of old Geronimo, the last of the warrior chiefs, is a striking example of the educated Indian. His Indian name was Wasajah, and he was captured by the Pima Indians and sold to an Italian-American who lived in Chicago. Young Wasajah was placed in the public schools, and the name of Charley Montezuma given him. He is now recognized as one of the greatest surgeons of this country.

But there are some great Indian women, too. Mrs. Rosa LaFlesche is one of the brainiest women of her race, and she is a cultured, refined woman who is ambitious more for the advancement of the Indians than for herself.

Miss Laura Cornelius of the Oneida tribe, lives in Wisconsin, and she is one of the great workers in the coming Indian congress. She graduated at Columbia and Cornell, contributes to many magazines, and is a lecturer of great ability.

These Indians, and many others of their race will be in Columbus in October, to help in the advancement of their people.

MR. J. LINEHAN RETURNS FROM VISIT ABROAD

Mr. James Linehan, who has been visiting in Ireland and other places across the water for the past several months, has returned home, and reports having had a splendid time. While in Ireland he visited many of the scenes of his youth and renewed many old acquaintances. He says, however, that America is the country for him.

PEDIGREE COTTON.

A good example of the newly awakened interest in intensive agriculture that is spreading throughout the South is the Coker experimental farm in Hartsville, South Carolina.

Mr. Coker's special efforts have been directed to the breeding of a long staple cotton that would be adapted to upland regions; those of the ordinary staple ranged from 7-8 to 1-1.8 inches. By the selection of a number of productive plants which possess in some measure the characteristics he wished, and by intensifying and fixing these characteristics by several years of selection, he has succeeded in his determination "to breed an upland cotton of maximum production that would command a staple premium." He has improved the strength, the percentage, length, evenness, and gross yield of lint. As president of the recently organized "Darlington County Plant Breeders' Association" he has urged other farmers to prepare their own seed-beds; for, in his opinion, pedigreed seeds are as important as pedigreed stock.—Edwin Mims, World's Work for October.

TRAMP COMET

With Head Visible To Nixed Eye, Sighted by Priest Astronomer.

St. Louis, Mo., Sept. 19.—Father Martin S. Brennan, S. J., priest-astronomer, has sighted a tramp comet which he terms a real publicity seeker, as its tail may be plainly seen with opera glasses.

The head, or nucleus, is visible to the naked eye just south and west of the star Chubian, which, in nautical and lay parlance, is known as the "tail of the dragon."

The head is much larger than that of Halley's comet or others which have been noted in recent years.

Its origin and identity are unknown, according to the astronomer, who accredits its appearance as simply another one of the freak formations of fiery nebulous matter.

The comet is easily seen after 8 p. m. and thereafter through the hours before daylight.

MORE DECISIONS HANDED DOWN

Columbus, O., September 19.—On the eve of his departure for a week's vacation, the first since he assumed office last January, Attorney-General Hogan handed down a number of opinions to various state departments and county officials.

If a county prosecutor had advised the commissioners to pay a certain claim and they have refused, necessitating a suit against themselves brought by the prosecutor to compel payment, they cannot hire counsel to defend themselves. The prosecutor is the commissioners' legal adviser, and if they precipitate a suit through failure to heed his advice they cannot pay out public money to defend themselves. This opinion was formulated at the request of State Auditor Fullington in connection with the work of the State Bureau of Accounting.

Visiting Delegates To the Dedication Of Roumanian Church

There were many visiting delegates present at the dedication of the new Roumanian church in this city Sunday. The Union of the Roumanian Beneficial Societies of the United States of America sent a national delegate here in the person of John N. Spana, controller of the order of Indiana Harbor, Ind.

There were two delegates present from the Roumanian Orthodox church of Cleveland. They also brought a banner. There were ten delegates with a banner from the Beneficial Society of Zanesville, two delegates and a banner from the Society at Indiana Harbor, Ind., two delegates and a banner from the Society at Indianapolis, two delegates and a banner from the society at McKees Rocks, Pa., and twelve delegates from Strasburg, O. The parade was in charge of Capt. Augustin Sissea, Lieut. Spiridon Popa and Sergeant Marion V. Marion. There were twenty-four uniformed men in line, all of who presented a splendid appearance.

Parrots and even canaries have been known to refuse to eat and have died in sorrow and grief over the loss of their human companions.

FRECKLES

Don't Hide Them With a Veil — Remove Them With the New Drug.

An eminent skin specialist recently discovered a new drug, othine — double strength, which is so uniformly successful in removing freckles and giving a clear, beautiful complexion that it is sold by W. A. Erman & Son under an absolute guarantee to refund the money if it fails. Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement; some of the lighter freckles vanishing entirely. It is absolutely harmless, and cannot injure the most tender skin.

Be sure to ask W. A. Erman & Son for the double strength othine; it is this that is sold on the money back guarantee.

OIL AND GAS NEWS.

In southeastern Ohio there is still a desultory effort making to extend the producing limits of the deep sand territory to the north and northeast. Recent efforts along that line have been so unsatisfactory that hope has been almost abandoned. The Columbus Gas and Fuel company has just completed a test on the Henry Duncan farm, located in Hopeville Township, in the southeast corner of Jackson County. This location is about three miles northwest of the same company's producer on the Johnson-Cone farm and it will be given a shot. Unless it improves with a dose of the high explosive fluid it will not make a paying producer. The drillers got 25 feet of sand and drilling was suspended at a total depth of 325 feet. The cost of operating a five-barrel deep sand well is such that unless it can be operated in conjunction with other wells it will not pay to bother with it. The development work that has been done to the north and northeast of the deep sand field is far in excess of the returns. Some of the completions are light producers and the balance total failures or gas wells. In this particular, the north differs from the south and southwest extensions in Perry and Hocking Counties, where some good producers have been found and dry holes are the exception.

In the Trenton rock fields of northwestern Ohio work continues on a par with preceding weeks with Hancock and Wood counties leading in the number of completions. The drill in these districts still finds some average producers and, contrary to the expectations of operators, work does not die out entirely, as it is in the Indiana districts.

There appear to be a number of old operators in the field, who still have confidence that conditions eventually will be favorable for the active development of light territory and those who have producing properties continue to further develop them while they have no hopes of gaining any rich results at the present time.

The production in the newer fields is gradually but certainly decreasing, and at present there is no prolific territory in sight. Should these conditions exist for next season it is more than likely that Ohio oils will get a

boost in the market and then activity is bound to follow.

In the central Ohio and the southeastern Ohio fields work has fallen off to some extent. The gas companies have nearly all secured their supply for the winter and their work now is only of a test nature for the next season's activity.

BLAIR TRUCK RETURNS FROM TRIP IN FINE SHAPE

The Blair Direct Drive Motor truck, in charge of Messrs. Blair and Wells, was returned to Newark Monday from Cincinnati, having made the 153 mile trip at a rate of 13 3-10 miles per hour. It was necessary to put on the intermittent gear only three times, the truck easily climbing hills at high speed with a load of 2 1-2 tons. The entire trip was made without an accident or a break of any part. The truck made the trip without the necessity of the use of a wrench on any part. The Blair truck has certainly demonstrated its value.

DECIDE YOURSELF.

The Opportunity is Here, Backed-By Newark Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read Newark endorsement. Read the statements of Newark citizens.

And decide for yourself. Here is one case of it: P. B. Pritchett, 406 Wilson street, Newark, O., says: "It is worth considerable to any resident of Newark to know about Doan's Kidney Pills. When they cure, they do so permanently. I suffered from kidney trouble in 1899 and at that time I used Doan's Kidney Pills. I was pleased to be cured and at this time I willingly corroborate my former statement."

ADVERTISING IN THE "LEADING" PAPER

One of the strongest arguments in favor of advertising in daily newspapers is presented by the history of the Black Silk Stove Polish. This company was established in 1883. For many years they followed the usual plan of marketing goods. Salesmen called on the jobbers and dealers and urged them to purchase. It was not difficult to convince the dealer by demonstration of the superior qualities of the polish. The dealer, however, was not inclined to put in a stock of the small cans as he could make a larger profit on other brands.

Mr. L. E. Wynn, the president decided to educate the people. Mr. Porter of the Taylor Critchfield Co. was consulted and advised a campaign covering state by state, using the leading local paper in each city. This campaign has proved a great success. The Advocate considered it quite a compliment when this paper was selected to carry the advertising in this section and have been advised that the results have been very gratifying.

Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny—unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish once, fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush free with each can of enamel only.

Use BLACK SILK METAL POLISH for silverware, nickel, tinware or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.

PREPARING FOR ANNUAL CLASS RUSH

Denison Freshmen Fail To Obey the Edict of Sophomores and Veiled Threats Are Flying About.

Granville, Sept. 19.—From time immemorial it has been the custom of the two lower classes in Denison University to wage a bitter contest at the beginning of each semester for class supremacy. During the past few days this spirit has been manifested, more or less, between the Freshmen and Sophomore classes, and dark and veiled hints have been thrown out of things to be done in the near future. The Sophs have laid down a set of rules for the Freshmen to follow, which are ignored and the result is that trouble may be expected. Of recent years the class rushes have been tame compared to what they formerly were. This is as it should be, and no one is crippled for life. At a meeting of the members of the Freshman class held Monday afternoon, David Rees was elected president of the class and Miss Mitchell secretary. Now that the organization of this class has been perfected the Sophs will follow when something will be doing.

Prof. and Mrs. John M. Priske are now comfortably installed in rooms on West Broadway. The professor will have charge of the vocal department in Shephardson college.

Mr. and Mrs. L. D. Bell of Fostoria, are visiting their daughter, Mrs. H. S. Williams, for a few days.

Mrs. H. R. Hundley and children, who have been spending the summer at Northport, Mich., have returned to Granville. Dr. Hundley, who has been in the east, has also returned and taken his place at the head of the academy.

Mr. Henry B. Green, one of Granville's oldest and best known citizens, who was formerly engaged in business in the village for many years, died at the home of his daughter, Mrs. Davis, wife of Dr. L. E. Davis, on Elm street, on Monday morning at 6 o'clock, after a lingering illness of heart trouble. The deceased was aged 74 years, and had lived in Granville all his life. He is survived by two sons and one daughter, Dr. Herbert Green of Cambridge, and Edward Green, who lives in the northern part of the state, and Mrs. Davis, wife of Dr. L. E. Davis of this place. Besides these he leaves two sisters, Mrs. L. F. Crutenden and Mrs. Dr. Mills of this place. The funeral services will be held at the home of Dr. Davis on Elm street, and will be conducted by Dr. C. J. Baldwin, pastor of the Baptist church, and the interment will be made in Maple Grove cemetery.

The indications for an unusually successful football team for Denison are very bright. For some days the squad has been engaged in active practice every evening on Beaver Field. The first practice was had on Saturday evening of last week and some most excellent talent was brought to light. There were fully twenty-five men out at the first practice, and the interest and enthusiasm that is being manifested is a strong reminder of the old days when Denison stood at the head in college athletics. Five of last year's "D" men will be in the game, and altogether seven of the old men will be back. There is lots of good material this year to draw from, there being a number of first class men in last year's Freshmen class. Altogether the outlook is very bright. The first game of the season will be played in Granville on October 7, with Wooster.

At the meeting of the Y. M. C. A., held on Sunday, there was a good attendance considering the fact that this was the first meeting of the semester. The meeting was led by Dr. Hunt, president of the university.

Deming Hopkins has been pledged to Kappa Sigma.

James D. Thompson, who has been on a geological survey in Arkansas, has returned home, and has entered Denison.

Miss Nellie Andrews of Pickerington, O., after a short but pleasant visit with relatives and friends here, returned home Monday.

Dr. C. J. Loveless, for some time a resident of Perryton, this county, where he had a most lucrative practice, has, with his family moved to Granville, where it is his intention to permanently reside. This step was taken by Dr. Loveless on the advice of his physician, his health being quite poor. He is a physician, who has been most successful in his practice, and is extended a cordial welcome to Granville.

Mr. and Mrs. F. B. Mason and children of Lima, O., who have been visiting at the home of Mr. and Mrs. D. C. Hughes, north of the village for some time, left for their home on Tuesday, having had a most enjoyable visit.

Mrs. W. P. Ullman, who had the misfortune to fracture her right arm a few days ago by falling from a chair on which she was standing, is reported as getting along nicely and the indications are that she will make a quick recovery.

Harry Willis, assistant cashier of the Granville Bank company, recently enjoyed a visit with his parents at their home in New Mansfield.

Mr. and Mrs. K. D. Willey of Bucyrus, spent Monday in the village.

Miss Sarah James of Pittsburg, who has been visiting relatives and friends

Drilled in Fine Flowing Water Well

What is considered to be the finest and strongest flowing water well on Buckeye Lake was drilled in on the A. W. Frye addition, adjoining Grandview Heights.

The workmen who drilled this well guaranteed to strike a fountain stream or accept no pay. This is a safe proposition for this addition is in the known area of streams of flowing water which is usually found at a depth of from 40 to 60 feet. The Frye well is 50 feet of depth, and is conceded to possess the strongest pressure of any of the flowing wells along the South Shore. When the stream was struck, the pressure threw out large quantities of white sand, and followed by fine then coarse gravel up to the size of a small hen egg. When cased with a one and one-half inch pipe it threw a stream 15 feet high. As cased the well flows about 15 barrels per hour, or 360 barrels each day of 24 hours. A number of these wells each emptying 11,720 gallons per day into Buckeye Lake would solve the problem of maintaining the lake water level. —Buckeye Lake Breeze.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place," is an old saying which is, to a great extent true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead some good, reliable hair restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with other discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Stopping Coinage of Gold.

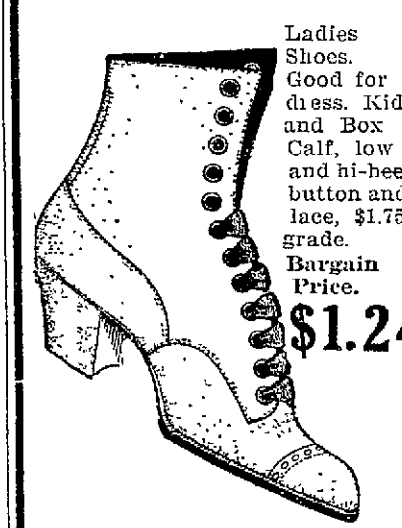

Uncle Sam has \$1,000,000,000 in gold in his coffers and he will coin no more of the precious metal for 20 years. This is the reason why some of the mints are closed and the output of others restricted. The new policy of issuing certificates against bullion has already saved the government a large sum; moreover, the people prefer paper money to coin. As bullion is used for export, the mints are running off silver coins and pennies. Uncle Sam buys gold at the rate of \$120,000,000 a year, so that when it is time for him to begin anew the coinage of the yellow metal he will have close to \$2,500,000,000 on hand. And that is a sum that any one of us would be proud to possess. —New York American.

SCHOOL FOR DETECTIVES.

New York Official Has Been Studying Latest Improvement of the Bertillon Method, and Police Department Will Try It.

The portrait parle, or "speaking face," a new system of identification at present in operation in London and Paris, is to be introduced in this country. Police Commissioner Waldo is to give the system a trial in New York city and hopes through it to build up the greatest school for detectives in the world.

Captain Joseph Faurot, in charge of the criminal identification of the New York police department, has for several months past been abroad studying the system of facial identification of the criminal and other peculiarities of gait, speech and shape of head and his lips, his cheeks, his ears, chin, forehead, eyebrows, marks, wrinkles and lines of the face.

The Bertillon system of finger print identification is already in use in the New York department.

Captain Faurot will establish a school of detectives to study the new system. Each detective will take about twenty lessons. Then while on the job if a detective runs across finger prints he will take the impression to headquarters and find filed along with the prints there a small gallery of photos of any thief whose finger prints happen to correspond to those of the detective has. He studies the nose, mouth, face of his man, his physical peculiarities.

Formerly he knew only generally that his man was five feet eight inches, of light complexion, sandy hair, weighed 160 pounds, was blue eyed, etc. The complete identification was not made until arrest and arraignment. Now under the new system are classes as "cave," "rect" and "vex," or concave, rectilinear and convex. Then there are other differences in nose, such as height, width, projection and the base, which may be elevated, or snub, horizontal or depressed.

As to ears, Captain Faurot says that no two ears are alike. Ears are classified as a subdivision to noses and have many peculiarities. He said: "The classification of the ears as a minor division of the nose group is as follows: 'Deq,' lobe descending or square; 'ear,' antitragus concave or straight; 'vex,' pli convex, concave or intermediate; 'tra,' the lobe traversed or not by a hollow; 'sep,' lobe separated or not from the cheek, and 'sa,' a projecting antitragus.

"A division as to the height of the individual follows. The forehead, being a prominent feature, has its place in the new scheme. Height, width, inclination and insertion of the hair are all considered. The hair may come down on the forehead round, square or pointed, and if there is none the degree of frontal baldness is carefully noted. The presence or absence of an arch and wrinkles where the nose joins the forehead furnishes a detail that a detective will have in mind when hunting a criminal whose salient physical characteristics have been given to him.

"Under the verbal portrait system lips range from very small to very great. The extent of projection, the showing of teeth and the peculiar marks found on many lips all have their share in the system, along with the various features of the chin, which may be vertical, projecting or receding. Months range from very small to very large, and the inclination at the corners often offers a prominent characteristic.

"After the city's detectives have learned the classification in the nose and ears college they will get the description of one of 200 portraits and will be told to pick out the picture of the man whom the description fits. Later they will receive descriptions of men who are to be captured in a crowd. When a detective goes after a criminal with the verbal portrait description he will have a mental picture of the prominent characteristics of his man."

HORSE DIES OF RABIES.

Federal Agents Are Investigating a Rare Case in Washington.

The rare case of a horse dying of rabies is being investigated by officials of the bureau of animal industry. It was ridden by Lieutenant George M. Landis of the signal corps at the maneuvers of the district national guard and as far as known was not bitten by any dog during the encampment. Suddenly it became violent, tearing at its own flesh, and in a few hours it died in great pain.

Only six such cases have ever been reported in the district, and the officials are trying to trace the case back to its origin. Another horse was bitten by a mad dog as it stood hitched to a wagon in the street, and it is being kept under close watch for developments. The dog was killed.

AMUSEMENTS

WHAT THE PRESS AGENT SAYS

"SEVEN DAYS." A week, the funniest in all time, is "Seven Days," the comedy by Mary Roberts Rinehart and Avery Hopwood, that Messrs. Wagenhals & Kemper will present at the Auditorium, Wednesday, Sept. 20, matinee and night, with a notable cast that recently carried the play to a third year at the Astor theatre in New York. A play that reaches a third year on Broadway is a wonder. It is the record in this country. "Seven Days" is an overwhelming success because it is one prolonged howl of laughter. "There is," said Everybody's Magazine, "nothing people will more gladly pay money for than laughter, and in 'Seven Days' the audience is howling all the time."

"MY CINDERELLA GIRL." Frederick V. Rovers' musical farce with laughs a-plenty and more too, "My Cinderella Girl," smashed all records for Chicago last season, having been performed over 300 times at the Whitney Opera House, where it was received with great enthusiasm. It was voted one of the most laughable offerings of the season. This entertainment with its strong company of metropolitan players and its prize beauty chorus will be seen at the Auditorium theatre, on Thursday evening, Sept. 21.

"THE NEST EGG." Concerning "The Nest Egg," the new rural comedy by Miss Anne Caldwell, which will be the attraction at the Auditorium for a limited engagement of one matinee, only, the St. Louis Star recently said: "You really should make the acquaintance of Miss Betty Gandy, the middle-aged spinster, in 'The Nest Egg.' Miss Gandy is a most amusing and interesting person, with many estimable qualities and a few little faults, just like the rest of us."

"THE FORTUNE HUNTER." In the recollection of "The Fortune Hunter," which comes to the Auditorium soon, one is reminded that Winchell Smith has placed in the dialogue a great deal of good sound philosophy. For instance when Nat Duncan has refused to carry out the scheme when success is in sight, he says by his own, Kellogg: "I had everything when I was at college, youth, health and all the money I wanted and lots of friends, and I thought, I was a pretty lucky chap, but I know how you can beat that kind of happiness to death." He pauses and then continues impressively, "Hurry, the real way to be happy is to work, and have your work amount to something, and to have someone who believes in you to work for. Call it what you will, preaching or not—it goes just the same. I found that out this year. There's philosophy for you when you analyze life."

The Old Town.

The musical score in "The Old Town," which Montgomery & Stone have made famous, is the work of Gustav Luders, who wrote the score of "The Prince of Hohenheim" and half a dozen other comic operas and extravaganzas of unusual memory. "The Old Town" is the latest composition of importance which Mr. Luders completed before retiring to Germany. An early Auditorium theatre attraction.

Quincy Adams Sawyer.

One of the attractions booked at the Auditorium theatre soon is "Quincy Adams Sawyer," the great New England drama, in its tenth season of uninterrupted success. Every one who has read the book of the same name from which the play was taken will want to see the dramatization, and those who have not read the book will want to see the play just the same, for everybody loves a clean, wholesome play of New England life, and this is just what "Quincy Adams Sawyer" is.

ORPHEUM.

The Arcade theatre was crowded to capacity Monday evening to witness the bill which Manager Bassett is offering his patrons for the first half of the week.

Harvey Judge opens with a novel turn which he does on a ladder. He is handicapped in his work by the stage height and has a consequence works immediately back of the orchestra pit. He is very clever and his juggling and balancing stunts were well received.

Adams and Clark in a comedy singing sketch receive their share of applause, and do a neat turn that pleased many. Moody and Goodwin have comedy singing, talking and acrobatic change act that is above par. Both members of the team are clever, but their act does not blend well. Mr. Moody does acrobatic work seldom seen on a stage and for which he receives much merited applause. Miss Goodwin is an excellent singer and her costumes are very "swagger." Her conception of what a harem skirt should be brought down the house.

The Star Comedy Trio made the one big hit. The three members of the team are excellent musicians and their vocal and instrumental work is fine. The violinist compares favorably with single turn violin acts which have appeared here and the comedy staged by the trio kept their audience in a good humor. The farce on "A Pink Lady" was a very clever skit and one which convulsed the audience with laughter. They were forced to respond to a number of encores. The Orpheum scope film is interesting. The same bill will be seen tonight and tomorrow night, a new bill opening Thursday, featuring the Five Musical Byrons, who have been making a great hit on the big vaudeville time.

Twenty-Six Bridges Were Washed Away In Coshocton County

Coshocton, Sept. 19.—According to reports made to the county commissioners up to Monday noon, twenty-six bridges in Coshocton county were washed out by the flood which is pronounced to have been the most disastrous in recent years. The crest of the flood continued up to Monday noon when the waters began to recede and before night the streams in this vicinity were well within their banks.

A man may feel that he is as regular as clockwork when he lives on tick.

Young Mothers

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both she and her coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby too is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

TRUSTEES OF CITY LIBRARY SUBMIT REPORT

The report of the library trustees, which was submitted by President Montgomery Monday night to the city council, and which contained the librarian's report to the trustees and that of the treasurer, furnish some interesting data to those who have the interests of this institution at heart. It shows that the library is not receiving sufficient financial support from the city and that it is the interest of certain organizations which has made it possible for the library to offer such excellent service to Newark people. The reports follow:

To the Honorable City Council:—Gentlemen: Herewith I submit as required by ordinance, establishing the city library, the annual report. In this connection I submit the reports of the librarian and of the treasurer filed with me and they explain themselves.

It will be noted that the librarian collected from fines \$100.80 and made the disbursements shown in her report. She is allowed to do this independent of the treasurer because she only is in a position to collect the fines and can pay for items of supplies needed by her without the assistance of the treasurer.

The treasurer's report takes no account of money received from the city, since the city treasurer disburses this amount directly.

While we think the library is in excellent condition and has done well in the last year, yet there is urgent need of an appropriation which will put it upon a solid foundation so that it will not be dependent upon private contributions or efforts of individuals as heretofore.

Respectfully Submitted,
CHARLES W. MONTGOMERY,
President.

FINAL VALUATION OF ELECTRIC ROADS

Columbus, Sept. 19.—The state tax commission today announced the final valuations on property of electric railway companies operating in Ohio, the figures on the 90 odd lines. The state being boosted from \$30,382,927, the 1910 valuation, to \$117,482,227, the 1911 valuation, or an increase of \$85,099,300. The biggest increase was made on the Cincinnati Traction Company. The following valuations are final unless changed by the courts: Chillicothe Electric Railroad Light & Power Co. 1910 valuation, \$36,915; 1911 valuation \$132,020. Parkersburg, Marietta and Intermurban railway, 1910 valuation \$136,372; 1911 valuation \$417,502. Portsmouth Street Railway and Light Company, 1910 valuation \$262,746; 1911 valuation \$841,683.

COMMISSIONERS HAVE ENTERED ON NEW TERM

Members Tavenner, Brownfield and Tatham, Who Have Made Splendid Officials Sworn Into Office for Second Term.

The board of commissioners of Licking County, consisting of Messrs. J. E. Brownfield, G. T. Tavenner and S. I. Tatham, having completed their first term Monday entered upon their second term, and organized by electing G. T. Tavenner president and S. I. Tatham secretary of the board.

Each commissioner filed a bond in the sum of \$5,000. During the time the above named gentlemen have held the office of County Commissioner, they have transacted the duties of the office in a manner calculated to reflect credit on them as well as good judgment on the part of their constituents in electing them.

The office of County Commissioner is one of the most important in the county, and that it has been filled most competently during the past two years by the men who are just commencing their second term is the verdict of all.

TWO VAST GLACIERS

In Unexplored North Are Found By Two English Mountaineers.

Edmonton, Alberta, September 19.—After two months spent in the Rockies, Dr. W. Collie and A. L. Munro, of London, England, celebrated mountaineers, returned to Edmonton today.

Their explorations led them into hitherto untraveled regions northwest of Mount Robson, accompanied by a train of 20 pack horses. In some places, the forests were so impenetrable that a trail had to be cut through.

In one place they came across two great glaciers as large or larger than any known to exist in the Rockies, and sighted a towering peak that had the appearance of being even higher than Mt. Robson. One of the glaciers was 40 to 50 miles in length and seven or eight miles in width and of striking formation.

PEN UPHEAVAL HAS NOT ENDED

Columbus, Sept. 19.—There are indications today that the upheaval at the Ohio penitentiary will not end with the discharge of C. B. Randall and Thomas J. Finn. Randall and a friends are indignant that he should be ousted without a hearing and are demanding one now. According to reliable information Randall desires a hearing that he may force the search light on conditions in several other departments at the pen. It developed today the meat contract at the penitentiary which the board of administration criticised so severely was made by the old board of managers.

SUPREME COURT JUDGES ORGANIZE

Columbus, Sept. 19.—At the annual meeting of the circuit court judges of Ohio in the supreme court rooms today, Judge Lewis M. To The Women

Some women are just a trifle timid about going to a bank to transact business. And why? Simply because they are not familiar with the rules of banking. This shouldn't be so, and, indeed, this isn't so with those who come to this bank, for we aim to make every transaction so clear and so plain, that dealing with a bank soon becomes to them an easy habit.

We appreciate the patronage of women. Their business with us is already large and steadily increasing. If you are not now a patron, then please consider this invitation to become one.
